

Images of error code and corrected code

Error code

```
Run error Multiplication Table Generator x
C:\Users\KIRANBHAI\PycharmProjects\name\.venv\Scripts\python.exe "C:\Users\KIRANBHAI\PycharmProjects\name\error Multiplication Table Generator.py"
File "C:\Users\KIRANBHAI\PycharmProjects\name\error Multiplication Table Generator.py", line 8
    if result % 2 = 0:
        ^^^^^^^^^^
SyntaxError: cannot assign to expression here. Maybe you meant '==' instead of '='?

Process finished with exit code 1
```

Corrected Code

```
Multiplication Table Generator
Enter number: 5
5 x 1 = 5
Odd result
5 x 2 = 10
Even result
5 x 3 = 15
Odd result
5 x 4 = 20
Even result
5 x 5 = 25
Odd result
5 x 6 = 30
Even result
5 x 7 = 35
Odd result
5 x 8 = 40
Even result
5 x 9 = 45
Odd result
5 x 10 = 50
Even result
Sum of table: 275
Large sum

Process finished with exit code 0
